## UNLOCK THE POWER OF AI IN EDUCATION WITH ANABELLE

### Struggling to balance teaching demands with administrative tasks?

Juggling lesson planning, grading, and administrative duties leaves teachers with little time for student engagement. Integrating a secure generative artificial intelligence (AI) chatbot grounded in the Australian Curriculum gives your school:

- reduced teacher workload with automated lesson planning, assessments, and administrative tasks
- personalised, on-demand assistance to boost student engagement and confidence
- real-time insights for strategic planning and effective policy implementation.

### What is Anabelle?

Anabelle is an AI-powered chatbot tailored to the unique needs of Australian schools. Designed and built in Australia for Australian educators, Anabelle seamlessly integrates into your school's IT environment, offering personalised feedback, guidance, and support for students, staff, and executives.

#### With Anabelle, you get:

**Personalised learning paths:**  
tailor content delivery to meet diverse student needs.

**24/7 support:**  
deliver continuous assistance for students and teachers.

**Robust data security:**  
keep all school data secure within your IT environment.

## Transformative features for educators
